KATY FLYER MAGAZINE INDEXES 1978-2008

COMPILED BY
Jim Younger

This CD contains every index to the *Katy Flyer Magazine*. The first is a cumulative 'master index' of Featured Articles. Also, there are 31 more detailed Annual indexes which list nearly every item found in the *Flyer*. It is hoped that railfans, researchers and historians will be aided in obtaining valuable information about all aspects of the **Missouri-Kansas-Texas Railroad**, affectionately known as **The 'Katy'**.

With Adobe Reader, you can easily find any word or phrase in these documents by using the 'search' feature (binoculars icon) found on the toolbar above. You can also navigate this document by using either the bookmarks found to the left or scroll through the document using the up/down arrows on the right or use the page arrows found at the bottom of the screen.

The *Flyer*'s publication history can best be viewed in the following chart:

Vol 1 1978	Vol 11 1988	Vol 20 1998
Vol 2 1979	Vol 11a 1989	Vol 21 1999

Compiled by Jim Younger

The **2009 edition** of the Master Index of the *KATY FLYER* lists featured articles from Volume I through Volume XXX.

The Katy Railroad Historical Society (KRHS) was formed in October 1977 and the first *FLYER* issue appeared in early 1978.

Annually, four issues (March, June, September and December) are published (8½"x 11", 16-page magazine format). The *FLYER* is in its **30th** year of publication and is *the* source of information about the Missouri-Kansas-Texas ('KATY') Railroad. Due to a numbering error, Volume 11 comprises the 1988 *Flyer* issues; Volume 11A comprises the 1989 *Flyer* issues.

The September 2006 issue was the first *FLYER* to contain *color* photos!

Only 'feature' or 'major' articles are included in this index. That is, only articles *detailing* Katy operations, facilities, preservation, equipment, personalities, modeling or history (and other articles of significant interest, regardless of length) are indexed. Articles are indexed at least twice: by title and by author. At this point, it is the Compiler's discretion as to which article is a featured one.

Each issue of the *FLYER* contains numerous other items [news articles, photos, correspondence, editorials, requests for information, meeting information, ads, etc.] that are **not** included in this index; comprehensive annual indexes contain that information.

A typical index listing is:

Cruz, Chris, article by:
A Look At Katy Passenger Conductors, Mar 89:7-9

Listed, in order, is the author, article title, issue date by month & year (last two digits only), page number(s), (if available: some early issues were not paginated nor was the issue numbered) and, if necessary, a brief description of content. This Master Index is updated annually, usually in January or February. Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.
